The ENTRE NOUS

A YEARBOOK OF

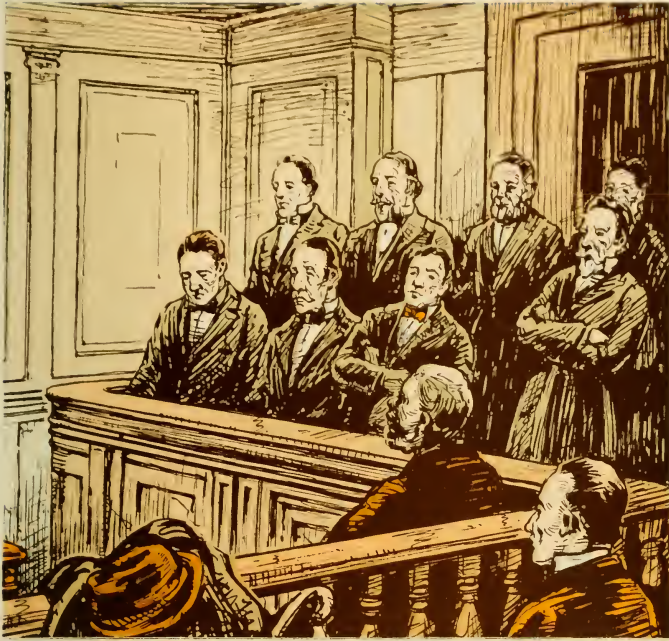

HOWARD COLLEGE
BIRMINGHAM, ALABAMA

Published by the Student Body :: Nineteen Hundred Twenty-Eight

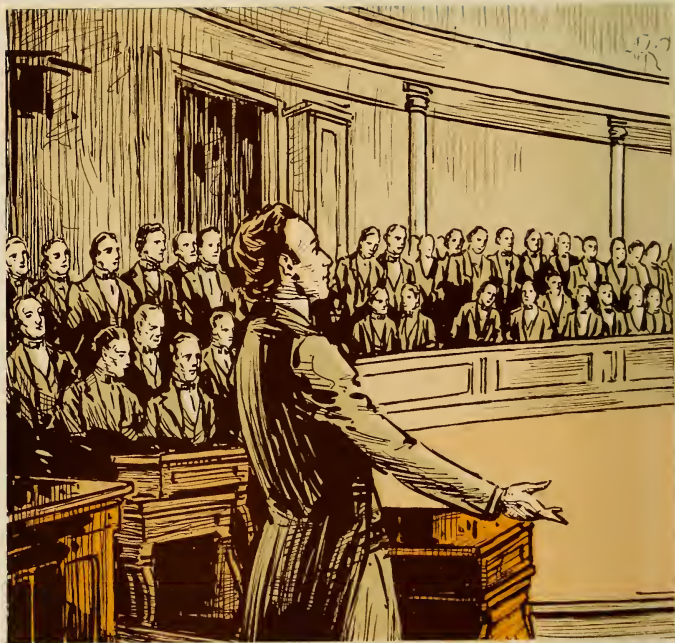

Foreword

Keeping perpetually in our memories something of the spirit and ideals that have lent to the progress of this institution, enhanced as it is by almost a century of noble traditions, we have endeavored to preserve the record of a transitory era in the history of Howard College, to chronicle as accurately as possible the events and achievements of the year, to offer a graphic reminder of the phases of student life, to arouse in the hearts of those whom Howard has as alumni reminiscences and recollections of the factors outside of the classroom which make the institution what it is. May this volume serve both as a connecting link with an eventful past and as an entering wedge to a still more eminent future!

To the spirit which has helped to make the history of old Howard during the first years of existence, and which still thrives, making history for the present-day Howard;

Which has served as a background of devotion and staunch support for every department of our Alma Mater;

Which has bound students together in a feeling of loyalty, friendship, hope, and love through the experience of the same joys and sorrows;

Which has deepened in the hearts of her sons, daughters, and friends love for
Alma Mater;

Which has strengthened those ties of friendship through joy in service;

Which has built for the glory of her name—to the atmosphere that permeates our Alma
Mater and the spirit that envelops her campus, do we dedicate this volume of

THE ENTRE NOUS

In token of our respect for the traditions it has left behind and out of love for the
college which that spirit has created here.

DR. JOHN C. DAWSON, LL.D., PH.D.

The great educator who is our president, proving repeatedly his remarkable executive ability, has upheld the standard of advance in Howard College, impressing his high character and rectitude upon all who have approached him; has met criticisms with patience and the open attacks of ignorance without resentment; has followed sleepless nights with days of incessant toil; has charged the atmosphere with the dream of a golden age—not in the past but in the future; has succeeded in making more and more of that dream a reality; has made daily life richer and fuller; has enriched personal character; has elevated all human relationships; and has left the impress of his life on an immortal institution.

DEAN PERCY P. BURNS, A.M.

We admire the charm and dignity of his personality; we esteem his scholarly attainments; we appreciate the unflagging interest he has always taken in any move for the realization of a Greater Howard. To the disciple of literature Dean Burns is an inspiration, to every student he is a wise counselor, a sympathetic friend and above all a man who measures up to high ideals in character and who deems it a pleasure to put forth effort in building a record of splendid attainment for his Alma Mater and ours.

TO the memory of
her, who won the
love, the admiration and
the confidence of the
Student Body through
her unfaltering love, her
unselfish sacrifice and her
unswerving devotion to this institution, do
we dedicate this page of *The Entre Nous*.

Seniors

Senior Class

A. J. ABERCROMBIE, JR., A.B.

A A T

BIRMINGHAM, ALA.

Commerce Club.

Abercrombie is a rather easy going sort of fellow, and one that all like. He doesn't strut around and advertise just where he is going, but you can depend on it that he gets there.

DOVEY FAIR ANDERSON, A.B.

THOMASVILLE, ALA.

Football (1, 2, 3, 4).

If pluck and determination to win out at all costs means anything in life, we know that Dovey will win by a large margin. Coach Dillon will miss this plucky back when the 1928 season starts.

ZACK YEARGIN APPLETON, A.B.

FORT PAYNE, ALA.

Ministerial Association.

Who doesn't know Zack? He is one of Howard's popular ministerial students, and he is a true Bulldog supporter. He has been right there with his colors on and his vocal chords tuned every time the Bulldogs met an opponent. He is also a prominent student and unbroken success is predicted for him.

FRANK R. AWBREY, B.S.

II K A

ROANOKE, ALA.

Assistant Football Manager (2); Football Manager (3); Secretary and Treasurer Men's Pan-Hellenic (3); Glee Club (1, 2, 3, 4); "H" Club; Assistant Cheer Leader (4).

Awbrey's voice and genial personality have made him a mainstay of the glee clubs, and his presence next year will be sorely missed. He is not only an outstanding student in things musical, but takes an active interest in all things collegiate.

Senior Class

W. MORGAN BAKER, A.B.

Σ Δ X, Β Ι Ι Ο

BIRMINGHAM, ALA.

Editor "Howard Crimson" (4); President Square and Compass (4); Beta Pi Theta (3, 4); President Central-Howard Club (1); Scientific Society (1); "Crimson" Staff (1, 2, 3); Allied Arts (2, 3); Tennis Club (4); Men's Pan-Hellenic (4); Le Cercle Francais (1, 2, 3); Howard-Phillips Reporter (3, 4).

Baker is one of those fellows who takes life seriously, and if he is going to do a thing you can depend on it that he is going at it whole-heartedly. A free thinker and a profound student, he has become an outstanding figure on the campus during the last two years, after dropping out a year when he was half through and taking up his abode in Florida.

WILLIAM HENRY BANCROFT, A.B.

Σ X

BIRMINGHAM, ALA.

News Scholarship; President Freshman Class; Captain Freshman Football; Football (1, 2, 3, 4); Captain Varsity Football (4); Baseball (1, 2, 3, 4); Captain Freshman Baseball; Freshman Basketball; Basketball (2).

Our vocabulary is simply too limited to say what we would like to about Billy. Howard has probably never had a greater athlete, nor will ever have one, who, with his athletic prowess, has a more pleasing personality, is more thoroughly a gentleman, a more conscientious student than is he. He was born a leader, and he demonstrated his ability as a general when he led the Crimson Bulldogs through the past season, as captain of the freshman team, as president of the Freshman Class, and on many occasions when he was looked upon unofficially, but without question, as the boss. Bancroft is a *News* scholarship man, and the *News* should be and is proud of him.

GUILLIARD BARGER, A.B.

Β Ι Ι Ο

BIRMINGHAM, ALA.

Music Medal (2); Beta Pi Theta; Le Cercle Francais; Secretary Y. W. C. A. (3); Piano Orchestra (1, 2).

Just to look at Guilliard creates the subconscious thought that there must be fairies after all, but to hear her play is to perpetuate belief in the tiny folk. Ah, and so petite! Maybe that's why she loves to "parlez-vous." Anyway, she has done her work thoroughly at Howard, and you may expect her to make good from now on.

JAMES LEONARD BATTLES, A.B.

GADSDEN, ALA.

Rotary Club Scholarship (1); Y. M. C. A. (3, 4); B. S. U. Council (3); Ministerial Association (3, 4); President Ministerial Association (4); Mission Band (4).

Battles is one of our most popular ministerial students—one who has shown his interest in every phase of college life, including politics. As president of the Ministerial Association this year he has done fine work.

Senior Class

EDWARD E. BEASON, A.B.

Π Κ Φ

DEMOPOLIS, ALA.

"Entre Nous" Staff (3); Vice-President Senior Class; Commerce Club.

Ed went to Alabama for two years and then decided to get his diploma at the best school in the world. Although he hasn't spent very much time on the campus, due to his insurance "interests," he has won himself a place in everyone's heart.

CLIFTON G. BROWN, A.B.

Π Κ Φ

JASPER, ALA.

Freshman Football; Varsity Football (2, 3, 4); Alternate Captain Football (4); Baseball (1, 2, 3); "H" Club; Assistant Business Manager "Entre Nous" (4); Treasurer Senior Class.

"Cliff" is not only an outstanding man "footballically" speaking, but in every line of endeavor. He buys his clothes at Blach's—therefore, dresses well and succeeds whether it be with coeds, professors, upper classmen, or just mere rats. He is one of Howard's most outstanding men in the athletic firmament, and withal is a most likable boy—really, he is just a grown-up boy.

JEWEL BURNHAM, A.B.

GADSDEN, ALA.

Etowah County W. M. U. Scholarship; Y. W. A. (1, 2, 3); Religious Education Club (2); House President Ratliff Hall (3); Assistant Librarian (2, 3).

Jewel has the uncanny knack of making the Honor Roll consistently, and keeps on friendly terms with teachers and students alike. But "uncanny" is the wrong word. "Perseverant" is better, for there is not a more conscientious student on the campus. She has also taken a prominent part in Women's Student Government.

MURRAY S. CAWTHORNE, A.B.

Π Κ Α

ENSLEY, ALA.

Glee Club (3).

We have seen very little of Murray during his sojourn at Howard (maybe that is because we don't go to the Science Hall often enough), but in reading the life lines in his hands we find that success awaits him without.

Senior Class

HORTON B. CHAMBLEE, A.B.

O K X

BIRMINGHAM, ALA.

Pre-Medical Student; Scientific Society; Medical Student University of Alabama (2, 3).

Chamblee strayed away from Howard for a year's work at Alabama, but we are glad to have him come back and graduate with the good old Class of '28. He is a good student and is liked by the whole student body. If he makes as good a doctor as he is a friend, the world will be a better place to live in.

MARGARET DAVIDSON, A.B.

B H O

BIRMINGHAM, ALA.

Beta Psi Theta; Le Cercle Fraucanis; Y. W. C. A.; Honor Roll.

Margaret is another language shark. She can "polly-voe Frawnsay" or "Ah, blah, Espanyol" with the best of them, and we look for her to wind up in the language department of some college before long. Books have not taken all her time, however, and she has found occasion to take part in many student activities.

ROY E. DEAS, A.B.

BIRMINGHAM, ALA.

Treasurer Scientific Society.

Deas has spent the greater part of his time in the Science Building, but he has found time to cultivate many friendships. He is an all-round good fellow and the professors can vouch for the fact that he is a good student. We'll hear more of Roy.

OWEN DEES, A.B.

Σ T, A ♀

RUSSELLVILLE, ALA.

Southwestern Presbyterian University (1); Literary Club (1); Scrub Basketball (1); Scrub Baseball (1); Y. M. C. A. (1); Freshman Basketball (2); Varsity Baseball (3); "Entre Nous" Staff (4); "H" Club.

Owen is a true artist. Although he does not wield a brush and palette, he can shoulder his trusty camera and tripod and find beauty in the most common places. Most of the views in this year's annual are results of his eye for the beautiful. The camera is not his only weapon, however, because he has a mean right arm that sees service every spring with the baseball team.

Senior Class

ARTHUR DIX, A.B.

Θ K Ν, Σ Τ

DECATUR, ALA.

Band (1, 2, 3); Secretary Band (2, 3); Y. M. C. A.; (1, 2, 3); Secretary Y. M. C. A. (2); Vice-President Y. M. C. A. (3); Pan-Hellenic Council (3); Treasurer B. S. U. (3); Vice-President Junior Class; State Executive Council Y. M. C. A. (3); Allied Arts Club (3); "Crimson" Staff (2, 3).

Dix is a sheik of no mean ability, but the remarkable part of it is that he can still meet his classes on time the next morning. His string of honors bespeaks his varied interests in all student activities. If you are looking for a real "go-getter," Arthur is your man.

MILTON E. DOUGHTY, A.B.

Α Δ Τ

SLOCOMB, ALA.

Band (2, 3, 4).

Being a product of Newton Institute no doubt has helped "Doc" to make good. Quiet and unassuming, we find Doughty a most accommodating student—and when it comes to tooting that trumpet he is right there!

ERNEST L. EPLEY, A.B.

Α Δ Τ, Β Η Θ, Π Κ Τ

ALABAMA CITY, ALA.

President B. Y. P. U. (1, 2, 3); President B. S. U. (3); Beta Pi Theta (3, 4).

Epley probably knows more about French and Spanish than any other student in school. He is majoring in French and taking the most advanced courses in Spanish, so he ought to be well versed. He is one of the really deep thinkers at Howard and his well-founded views have won him many friends. Howard's loss will be gain for the world at large.

WILLIAM LESLIE EZELL, A.B.

WARD, ALA.

Ministerial Association.

Eze'l is one of the outstanding ministerial students at the college, being liberal in his views and a profound student of the Bible. He will do a great service to the world in the work he expects to follow.

Senior Class

JAMES ADOLPH FERRY, B.S.

Π K A

RIDERWOOD, ALA.

Band (3, 4); Scientific Society.

Although his name is apt to suggest a "slow method of transportation over a narrow stream," there are no slow methods found in this "Ferry." He is quick, alert, and well informed over a large field. Howard will miss him in '29.

BESSIE LEDBETTER FRANKS, A.B.

BIRMINGHAM, ALA.

Student Mission Band (4); Y. W. C. A.

Howard won't be the same without Mr. Franks. She has won friends in all her classes, and is known as a foremost student. She has been a helpful friend to many students, and although the school hates to see her leave, we as a class are proud to have her finish with us this spring.

JOHN DRUE GIBSON, B.S.

Π K Φ

JASPER, ALA.

Freshman Football; Football (4); "H" Club; Commerce Club (3).

Who doesn't know "Hoot"—the clown of the campus and a student who has not an enemy in the whole college. Everybody likes "Hoot," and "Hoot" likes everybody. He is another one of those Walker County athletes, and we hope that said county has a lot more fellows like him to send our Alma Mater. Gibson started out on the road to fame as an end on the Bulldog eleven, but sustained a broken ankle. He got his letter this year, however, and well deserved it.

RALPH D. GRANT, A.B.

Σ Δ X

COOPER, ALA.

Glee Club (1, 2, 3, 4); Varsity Quartette (1, 2, 3), Allied Arts Club; Delegate B. S. U. (1, 2); State Winner of Atwater Kent Radio Contest; State Representative in Southern District Radio Contest.

Ralph is another of the song birds and one whose merit as a songster has been recognized on many occasions during his college life. As soloist with the Glee Club this year he made a great hit on the trip. Looking into the crystal we see a bright future for him in all things musical. Good luck!

Senior Class

THELMA GROGAN, A.B.

CENTER, ALA.

Livingston Normal (1, 2); Y. W. C. A.; Student Mission Band; Y. W. A.; Senior Representative Student Council.

"Studies" seems to have been Thelma's hobby while at Howard—a thing which many a student might wish to have set down permanently as a reminder of their efforts—also a thing which others might have said of them if they had been such a hard-working and conscientious student as Thelma. Her thoughtfulness of others makes her a friend indeed.

EARL RAYMOND HAMMETT, B.S.

LEEDS, ALA.

Commerce Club.

Hammett is one of those boys you just can't keep down. Besides carrying a heavy course in college, he has worked more than the law allows. A genial fellow is Earl.

HELEN HARDIE, A.B.

B Δ Σ, Β Η Θ, Η Κ Τ

BIRMINGHAM, ALA.

Hypatia; Pan-Hellenic Representative (3, 4); French Star (3); Honor Roll (3); Y. W. C. A. Cabinet (4); Y. W. C. A. Undergraduate Representative.

Howard has never known a more loyal student than Helen. She is willing to work day and night for the glory and betterment of her Alma Mater. No doubt that is the reason she has been added to the faculty. Success is sure to crown her efforts in any field of endeavor.

SUE UNDINE HARRIS, A.B.

Φ Μ, Η Κ Τ

BIRMINGHAM, ALA.

University of California (1); Y. W. C. A. (1, 2, 3, 4); Tennis Club (2, 3, 4); Secretary Junior Class; Assistant Editor "Entre Nous" (3); Women's Pan-Hellenic Council (1); Student Council (4); Secretary Hypatia (4).

The dictionary does not carry the name "Undine," but in this case at least we are sure it means "hard working," for Sue has certainly shown her worth in every line of endeavor at Howard. Her place will be hard to fill.

Senior Class

LOUISE HAWKINS, A.B.
BIRMINGHAM, ALA.

A modest, retiring young lady of fine capabilities and an unceasing worker. Studying has been her hobby—a mighty fine one to have. By the way, she is majoring in French, and her thesis books have come all the way from France itself. In those of us who have no linguistic ability, her knowledge of French inspired profound awe. Louise has remained behind the screens, always ready to do her bit for the college we love.

JOE HEACOCK, JR., A.B.
Σ X

BIRMINGHAM, ALA.

Band (1, 2, 3, 4); Glee Club Orchestra (1, 2); President Religious Education Club (3).

Joe is not only a saxophonist de luxe, but is the sort of student that we like to see at Howard. He is interested in anything for the betterment of Howard and is willing to work to that end.

MILDRED HEARN, A.B.
B Δ Σ

ALBERTVILLE, ALA.

Chemistry Scholarship (1, 2, 3); Piano Orchestra (2, 3); Y. W. C. A. Cabinet (2); Allied Arts Club (2); Vice-President Women's Student Government (2); Music Medal (2); Summer "Crimson" Staff (2); Most Representative Girl, Summer School (2); President Women's Student Government (3); "Crimson" Staff (3); Fairest Co-ed (3); Senior Historian.

How Mildred could graduate in three years and take such a prominent part in student activities at the same time is more than we can fathom, but the fact remains that she did it. And we're mighty glad to have her graduate with us. She is one of the most attractive little blondes on the campus, and is very popular. She was our historian.

KATHRYN HENDRICKS, A.B.
Α Δ Η

BIRMINGHAM, ALA.

Glee Club (3); Y. W. C. A.; Economics Club.

Maybe "Kat" is due an apology, since her name is not in the correct alphabetical order, but you see she didn't let us in on the secret that she had a brand-new name. A though Kathryn (we haven't learned to say "Mrs. Saxon" yet) hasn't been with us the whole four years, she has been here long enough to become a real Howardite. Much luck to you and Herman—may joy and happiness be yours.

Senior Class

RUPERT S. HICKS, A.B.

A A T

BOOTHTON, ALA.

Honor Roll (1); Y. M. C. A. Cabinet (3); Pan-Hellenic Council (4); Associate Editor "The Bulldog" (4); Treasurer Student Body (4).

The treasurer of the student body this year has worked hard, and we know that he well deserves his salary (?). Aside from a few week-end trips to Judson (!) Rupert has stayed right on the job. Big business is calling to him now.

LUCILE HIGGINS, A.B.

Φ M

BROWNSVILLE, TENN.

Y. W. C. A. Cabinet (2); Varsity Basketball (2); Girls' Glee Club (2); Pan-Hellenic (2, 3); Student Council (2); Treasurer Pan-Hellenic (2); "Entre Nous" Sponsor (2); U. R. of Y. W. C. A. (3); Tennis Club (2, 3); Basketball Manager (3); Tennis Club Coach (3); Voted Best Liked Girl (3).

"Shorty" is one of Howard's most popular co-eds. Petite is she, but when she wants to put something over you might as well fall in line. The "love bug" seems to have bitten her ferociously this year, but we're for you, "Shorty"!

ROBERT HOLBROOK, JR., A.B.

Θ K N

AKKON, ALA.

Robert hails from the house of Holbrook, famous for its Big "Snipe" and Little "Snipe." He is wholehearted and earnest in his every endeavor, and although quiet at times, he readily makes a good impression.

J. HAROLD HOOD, A.B.

BESSEMER, ALA.

Allied Arts Club.

Harold possesses rare friendliness, and may always be found with a smile on his face. He is a Howard booster out-and-out, and wherever Harold goes the fame of Howard is sure to go. His amiability will win a way in the world.

Senior Class

ARTHUR L. HORTON, A.B.

CLEVELAND, ALA.

Glee Club (2); Ministerial Association.

"A. L." is a real student of the Bible and we predict for him a big service in the pulpit. He is a true Howard supporter, and takes a great interest in all things, especially those of a religious nature. He and his wife have made many friends at Howard.

RUBY HORTON, A.B.

BIRMINGHAM, ALA.

Ruby is one of the biggest religious workers of our class. She has taken an active part in all B. S. U. and Student Mission activities, and we look for her to continue her good work after she gets her diploma this spring.

MAMIE HOWARD HOUSTON, A.B.

Π Κ Τ

BIRMINGHAM, ALA.

Mamie has a loyal cognomen and, true to her name, she is a most untiring booster for Howard. A hard worker and a conscientious student is most fittingly said of Mamie Howard. To say that she was elected to Pi Kappa Tau gives the record of her scholarship.

SARA HUNT, A.B.

Σ Ι Χ, Π Κ Τ, Χ Δ Φ

SCOTTSBORO, ALA.

Y. W. C. A.; Y. W. A. (1, 2); Secretary of Y. W. C. A. (2); Music Committee of Y. W. C. A. (4); Charter Member Allied Arts Club; Vice-President Allied Arts (4); Glee Club Accompanist (1, 2, 4); Piano Orchestra (1, 2, 3, 4); Honor Roll (1, 2); Music Medal (2); Secretary Class (4).

Just a wee bit of humanity, but a pianist of no mean note. Sara plays differently from all others—she plays without the begging. As accompanist for the Glee Clubs, she has made good when others couldn't. Her sunny disposition will be missed at Howard next year.

Senior Class

JAMES THEODORE JACKSON, A.B.
 Π Κ Φ, Β Π Θ, Σ Τ, Π Κ Τ
 ASHFORD, ALA.

President of Student Body (4); Honor Roll (1, 2, 3, 4); Freshman Marshal; Sophomore Marshal; Chief Marshal (3); Student Council (3); Y. M. C. A.; Secretary Y. M. C. A. (3); President College B. Y. F. U.; Economics Club; Allied Arts Club; Alternate Debater (2); Men's Pan-Hellenic (3); Vice-President Pan-Hellenic (4); Secretary Debating Council (3); Representative State Y. M. C. A. Council (4); Voted Most Unusual Student and Hardest Working Boy at Howard (4).

"Little Jack," though young in years, has shown his right to be the world's youngest student body president; Howard's highest ranking scholar; Howard's most representative student, etc. No one doubts Jack's ability in anything. His place will be hard to fill next year. Good luck to you, Jack!

HELEN JOHNSTON, B.S.
 Β Δ Σ, Π Κ Τ
 BIRMINGHAM, ALA.

Freshman Marshal; Math Medal; Scientific Society (2, 3, 4); Secretary-Treasurer Scientific Society (3); Secretary Scientific Society (4); Junior Marshal; Candidate for Degree with Honors.

Helen certainly knows her Chemistry, and everything else that she has taken. Her hard work and amiable nature have endeared her to all of the students and faculty. Dr. Sampey will have to look long for an abler assistant. She has the distinction of being the first co-ed to receive the Honors Degree from Howard.

HENRY HENDON JONES, B.S.
 Π Κ Α
 BIRMINGHAM, ALA.

Birmingham-Southern College (1, 2); Student Council (4); "Entre Nous" Staff (4); Glee Club (3, 4); Vice-President Commerce Club (3); Pan-Hellenic Council (3, 4).

If you've ever seen Henry Jones standing still, you've got something on us. He's a dynamic sort of fellow, full of plots and schemes, which he has the ability to carry through. Since the first day he set foot on the Howard campus he has been working for the betterment of the college, and has helped greatly in student activities of every nature.

LEWIS E. KELLEY, A.B.
 ECLECTIC, ALA.

Vice-President Ministerial Association (2); Representative to Faculty and Chairman Pulpit Committee (3, 4).

Kelley has spent most of his time around the Ministerial Club, so all of us have not had a chance to come in close contact with him. He has, however, been one of the most sincere religious workers on the campus since coming to Howard, and has a bright future before him.

Senior Class

WHITNEY J. KING, JR., A.B.

Σ X

BIRMINGHAM, ALA.

Freshman Baseball.

"Whit" is quite a ladies' man and has also played in the band. He has played on the varsity basketball team and kept "guard" over a certain member of the co-ed basketball team. A likeable boy that casts the present aside for the future is no other than he.

HENRY CLAY KNIGHT, B.S.

Π K Φ

ARAB, ALA.

Business Manager "Entre Nous" (4); Advertising Manager Glee Club (3); Assistant Director Student Employment Bureau (2, 3); Director Student Employment Bureau (4); Freshman Football; Dining Hall Council (2); Pan-Hellenic (3, 4).

Clay is easily the busiest student at Howard, both on and off the campus. As director of the Sponsor Club he has done some fine work for Howard students. This Knight is rightly called the "Sheik of Arab-ia." He is the capable manager of this year's Annual

WILLIAM GEORGE LAATSCH, B.S.

BIRMINGHAM, ALA.

Scientific Society (1, 2); Commerce Club (3).

George is a remarkably quiet boy and one that is only on the campus because he means business. We are sorry that we haven't seen more of him during his stay at Howard. You may be sure it will be done if you "let George do it."

WILLIAM HENRY LANGLEY, A.B.

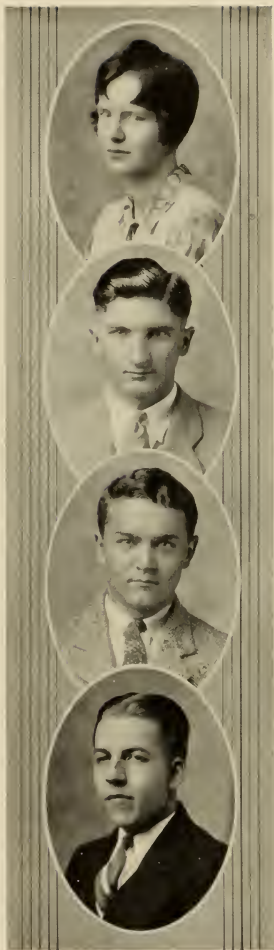

Π K Α

ROANOKE, ALA.

Glee Club (2, 3, 4); Vice-President Student Body (4); Men's Pan-Hellenic Council (4).

William is a Howardite first, last and always. He is ever on the alert to do some good turn for the dear ole school that he loves so well. This year he has shown that a vice-president can work if he wishes to.

Senior Class

NANCY LEA, A.B.

BIRMINGHAM, ALA.

Nancy has gone about her work quietly, but with this same quietness has won her way into the hearts of many students. Such a persevering worker is bound to succeed in life.

S. A. LECROY, B.S.

HOLLINS, ALA.

Lecroy is another student whose influence is felt rather than heard, for he never makes a bluster over things he is doing—he just does them silently and competently. He is a credit to the institution.

BERNARD LEE, A.B.

ARKADELPHIA, ALA.

Where have you kept yourself these four years, Bernard? Why, we hardly know you, and yet we do know that you are going to be a great surgeon, for the hard work you are doing must eventually bring success your way. We wish you lots of luck.

"Banker" has a way of his own that is unique to say the least, and it gets results. This year "Banker" has gotten down to real work, and "there's a difference." May he live up to his name and save lots of money and then give it to Howard.

We know that Hugh's ambition to be a great surgeon will be realized, because he does not confine his activities to dreaming. He spends hours upon hours in the laboratory in preparation for higher study, and is one of the best pre-med students at Howard. His appointment to a place as laboratory instructor is one proof of his ability. Science Hall has claimed him most of the time, but he has found time to take part in many activities.

"Shorty" joined the "draft" department of a local bank soon after coming to Howard, and ever since then he has been up and going. Even though outside duties require much of his time, he has nevertheless, taken a somewhat active part in the various college activities.

OLER D. MASON, A.B.

"Tommy" is a newspaper man that can make the old typewriter sing out wonderful stories of Howard College and its many activities. As a member of the fourth estate, "Tommy" has done a great deal to make Howard known to all the world. He has been invaluable in getting up the ENTRE NOUS this year in more than his specific work of athletics. He will enter the newspaper field with a sure enough collegiate background.

HUGH McCLENDON, A.B.

Hugh is a quiet sort of fellow who spends most of his time off the campus, but his stately bearing and sensible conversation are qualities that have made him stand out. "Mac" is one student who is the same, no matter what crowd he happens to be in at the moment. He's a credit to our class.

JAMES BROWN McCLENDON, B.S.

Brown's happy-go-lucky, devil-may-care manner has made him known to everybody. "Do your own work if you can't find somebody to do it for you," is his philosophy, and we find him in the thick of things in every class. Although he has not stayed on the campus, he has made many friends among the students.

Marguerite can do more things and do them better in the least amount of time than anyone in college, and if there were any more honors to be attained, "Six" Pence would attain them. She is system personified, and this, no doubt, accounts for her remarkable efficiency in every line of endeavor. As editor-in-chief of this year's ENTRE NOUS she has demonstrated her journalistic ability in a fine way. It's a trite expression, maybe, but we hate to imagine Howard without her.

Loyal certainly lives up to his name when it comes to showing loyalty to Howard (and, incidentally, to Evelyn). He is a boy of remarkable vision, a scholarly mind, and a sincere friend to all students. He is a boy that is always full of pep, and whenever he starts a thing he puts a "snap" into it that carries it over. As president of this year's Senior Class Loyal has made good. He toots a mean trombone, and his hard work as manager of the band has been one of the most important things that kept the organization going. His experience as a salesman has caused him to be appointed on almost everything that has collecting in it. We can't appreciate "Red" too much.

S-h-h! S-h-h! There comes Howard's quietest ed. Though rather shy to some, Brooks has won his way into the hearts and minds of many students. He is quiet and unassuming, but when he speaks you can depend on what he says, and his infrequent smile is well worth waiting for. His "Time and Tide" in the *Crimson* has been perused with interest this year.

Evelyn is the other co-ed who made the trip to Cuba last fall. Her first year at Howard was enough to capture our hearts, and being the "wonderful girl of our dreams," she has managed to hold them all so far intact. She is a sure enough princess, not only in looks but in every way, and the underclasses hate to have her bid them adieu.

JAMES CLARENCE SELLERS, A.B.

Ruth has been in Howard and out of Howard, having tried another school one year, but of course she found Howard better and came back. She is the capable senior editor of the *ENTRE NOUS* this year, but she says, "I do not choose to write myself up." Strictly speaking, Ruth has been associate editor, for she has had her finger in on nearly every page.

If there is anything in Birmingham that Jimmy Smith has not held an office in, it must be the Association for the Blind. His dominating personality has made him a prominent figure in the city and on the campus, and lots of shrinking freshmen will confide to you that for the first six weeks they thought he was a member of the faculty. He is one of the strongest links that connects Howard with the outside world.

DAVID R. STEVENS, A.B.

We cherish his friendship.

The ENTRE NOUS would not have been complete without "Pop." He has been a factor in school these four years, finding time to go out for football every year, make his grades and even raise a family, too. It is safe to say that every student on the campus knows "Pop" and feels that he deserves his "H." Although he didn't see a great deal of service, still he gave his all every time he was sent on the grid-iron.

"Blondy" is one of the most energetic fellows on the campus, and never has an idle moment. He is a three-year graduate, therefore the Class of '28 claims him, but the Class of '27 didn't want to give him up, so they have his picture, too. Besides keeping up a heavy course, he finds time to exhibit his superiority in tennis, and Hoyle himself can't juggle the cards any better in a bridge game.

Margaret started her college career in Florida, but a better school soon claimed her. Again this year she strayed away to another school for awhile, but the call to Howard was overpowering, and now we are fortunate to have her step in again and get her sheepskin with the Class of '28. We like her so well that we are really jealous of any school that kept her away from us.

Senior Class Prophecy

WHEN I burst into the office of Morgan Baker, publisher of the *Posmocolitan*, the South's ultra-modern magazine, he greeted me with a long face, although I had seen him only a few times since we graduated from Howard College ten years ago. I soon found out, however, that he had a very good reason. Leonard Battles, famous reformer, had just shot his biggest bolt at the publication in the form of an interview in another widely read magazine, lambasting the *Posmocolitan* in no endearing terms.

"I think we'll even things up in our next issue, off the press today," Morgan said. "Loyal Phillips, my managing editor, has had his staff working on the evolution question for quite a while and we have an article on Battles' past life, also, that ought to quiet him down."

Just then Marguerite Pence, feature editor, brought in a feature story on "Howard—The Wonder College of the South," and asked the publisher when he could be interviewed by a representative of the International Syndicate, conducted by Whitney King. I found out later that the representative was Mildred Hearn. While Baker was going over the feature story, I glanced through the latest edition of his magazine and found the names of Edith Burton, Ernest Epley and Lucile Higgins on the staff. Allen Simpson was business manager and Bob Holbrook was with the advertising department. It seemed that quite a few of the old grads had gone into some phase of journalism.

As the alumni banquet was to be held that night and the annual Howard-Southern football game the next day, we drove out to the college to look up some of the old gang. Coach Cliff Brown's boys were in fine shape for the battle, which was to be fought in Dawson Bowl, the gift of Marion Lee, prominent banker. I noted that Bickley and Cawthon, architects, had drawn the plans, and Robert Smith and Bill Laatsch, contractors, had charge of the work. Dean Noble Beall gave us a cordial welcome, as did several other members of the faculty: Helen Hardie of the Language Department; Helen Johnston, professor of chemistry; Zack Appleton, professor of religious education, and Dovey Anderson, freshman coach.

Many other alumni had come to Birmingham for the occasion and were looking over the ten new buildings, the last three of which were just being completed. James T. Jackson, president of the Chamber of Commerce, and Mrs. Jackson, nee Nancy Elgin, told me of many of my old classmates. Clay Knight is head of a real estate and insurance concern, with John Wilking and William H. Langley as partners. Ralph Grant is on a nation-wide concert tour with the Grand Opera, in which Helen Wright and Alyn Price have prominent parts. Rupert Hicks is publicity director of the company. Sara Hunt, of Hunt Conservatory of Music, has made a big name for

herself as organist. Margaret Staples is Birmingham Y. W. C. A. director, and Nancy Lea has charge of athletics at the central club house.

We went to the Bluebird Cafe, one of the Hammett chain, for lunch. There I bought a copy of *The Journal*, edited by Charles Thigpen, to get the latest details of the sensational divorce case, in which the former Mabel Turnipseed and Dr. J. D. Heacock, Jr., were the principals. The law firm of Jones, Awbrey and Smith (Apsey) was supporting the famous doctor, while Arthur Dix, noted divorce lawyer, had the other side. Many prominent characters were listed as witnesses, including Annie Lee Orme, widely known clubwoman; Mrs. Herman Saxon (Katherine Hendricks), Dr. Marvin Smith, Senator Cecil Wood, Rev. Eugene Long, and David Stephens, of the wholesale firm. The charge was desertion, Dr. Heacock evidently spending too much time with his sick cats.

Otis Woolley, superintendent of Marion public schools, joined us at lunch and had many questions to ask regarding the whereabouts of the old grads. As I had been on a world tour for the past four years, writing a series of articles on international relations, I could tell him of only a few of them. "I understand that the Franks brothers and their wives, accompanied by Mr. and Mrs. Arthur Windsor (Mary Lee Blackman), left recently for China, where they will have charge of a large mission," I said. "I was talking with C. E. Robinson, captain of the S. S. Sherman, one of the Porter-Roberts line, on the way over, and he gave me interesting accounts of a number of our old friends. Hoot Gibson and Edward Beason worked unceasingly to get England to go dry, and now that they have attained success are amassing large fortunes bootlegging out of France. The last time Robinson heard of them they were negotiating with James A. Ferry, widely known engineer, to build a tunnel under the Channel to take care of the increased demand. Owen Dees is making undersea movies, he said, by a new process invented by A. J. Abercrombie. Milton Doughty was director of the ship's orchestra. The captain also told me that Guilliard Barger went back to the States recently for a vacation, having been connected with the Paris Conservatory of Music. Roy Deas is on some desert isle studying sea plant life and writing a book on the subject."

Many of my old classmates have gone into religious work, I was told. E. E. Weaver is on an evangelistic tour, while L. G. Payne, Lewis Kelley, and A. L. Horton have big congregations in Birmingham, and J. C. Sellers, S. A. LeCroy, and W. A. Ezell are preaching in other parts of the state. Emory McNider is State Y. M. C. A. Secretary and Harold Hood is head of the Bessemer "Y," while O. D. Mason is traveling for the organization. Mammie Houston and Grace Stuckey are doing home mission work, while Eva Taylor and Ruby Horton are with the National B. S. U. The teaching profession has claimed Thelma Grogan, who is head of the History Department at Lanier High; Louise Hawkins, assistant superintendent of Bessemer public schools; Harry Passmore, professor of physics at University of Alabama, and Lane Rhodes, instructor in language at Phillips.

After lunch we attended ceremonies on the campus, the Senior Class placing a bronze bulldog on the apex of Panther Monument. Dr. William H. Bancroft, director of the famous hospital and president of the Alumni Association, made a short talk, as did George Little, the realtor. The McLendon brothers left off their surveying of the Red Mountain subdivision to attend the exercises. Brooks Russell, head of the United States Department of Health, and who came to Birmingham for the game, told me something of the national reputation of Bancroft Hospital. Dr. Hugh Linder, noted surgeon, is on the staff, as is Horton Chamblee, famous medico. Murray Cawthorne is X-ray technician.

The banquet and pep meeting, held in the gym of the big student activities building, was a brilliant affair, with four thousand loyal Howardites backing the Little Ten champs, who would attempt to hold the championship the next day. There I saw or got information about the rest of the good old Class of '28. There was Sue Harris, whom J. L. M. Smith, the prize fight promoter, told me was soon to be Alabama's first lady, her husband being expected to win the coming election by a big majority. Margaret Thornton is also married and one of the city's most charming matrons. Clarietta Kendrick is director of girls' athletics at Howard, while Ruth Sherer, I learned, has made a big name for herself as a business woman, and Margaret Davidson has gone abroad to get another degree or two. I saw Bernard Lee and Jewel Parks, but did not get to talk to either of them.

Thus within a period of a few days I had gleaned information regarding the progress of those who received the coveted diploma in the spring of 1928. How different the old school looks! Our beloved President Dawson, who handed us our diplomas that year in the old Administration Building, realized his dream of building Howard from the inside out, and recently retired from active administration, but is still working for the college with all his heart and soul. May the college be as great an asset to the world as he has been to the college!

TOM MAYNOR, *Prophet.*

Senior Class History

LEAR INTO the dim future, so far away that we can hardly imagine the great gulf that separates us from it, we see a goal. At that goal are seemingly triumphant winners of a struggle; their faces are alight, in their hands are clasped the precious trophies received as their reward. We survey the distance—it seems almost impassible. Some of us turn back, others look toward those that beckon us on. . . .

We were Freshmen then, entering, some of us timidly, others with a determined purpose in view; all of us seeking the conquest of the diploma—what a magical word! But now, look back. The seemingly endless four years have been all too short; the path, instead of being strewn with stumblingblocks and disheartening barriers, has been smooth and peopled with precious friendships. The conquest is completed. We beckon to those who follow, then look ahead into the unknown future—but this is a history, not a prophecy.

Four years ago we came to Howard, two hundred strong. Green? Yes! And dumb. We realize it now, but we didn't think so then—oh, no! Life can never give us another year like that first year in college—full of homesickness, dreams, hopes, wise-cracking sophs with the ever-present boards, and the gradual awakening of that far-famed Howard spirit. We elected Billy Bancroft for our first president, and he proved to be a valiant leader, being also captain of Howard's first freshman football team. It was a bunch of real bull pups, worthy of the name. They started off right, adding glory to the crown of their Alma Mater by defeating the Southern rat team, 22-0. Our first year was saddened by two deaths—one, Coach Cope, whom the freshmen had learned to admire very much, even though they had known him only a short time; and the other, a member of the Senior Class, Henry Thompson. That year we saw our first Howard-Southern game, which ended in a 0-0 tie. Finally, came our first commencement, and with it the glad realization that we were no longer freshmen—but, at last, upper classmen!

After a long vacation we came back to school convinced that, this year, we were quite important. Most of our time was spent in trying to impart some of our conviction to the freshmen. Marvin "Bull" Smith was our guide for this year. When our second commencement rolled around we looked back on what we considered to be a highly successful year, for we had gloriously defeated Southern in football, 20-16; and our endowment campaign had gone over the top.

Our third year, with "Bull" Smith re-elected as president, saw many changes. Disaster paid us an unwelcome visit in the form of a fire, which partially destroyed our Science Building. However, it was soon rebuilt, and with new additions. The Department of Pharmacy was instituted. The degree with honors was inaugurated. Paul Barnett and Clyde Warren, forming one of the ablest debating teams to ever represent Howard, were awarded the decision against their rivals from Southern. Our traditional rivals failed to conquer in either football or baseball, the big game ending in a 7-7 tie, while the Bull Pups romped over the Kittens to a 40-0 victory. A

unique event that took place this year, which will ever hold a cherished place in our memory, was the stealing of the panther.

Now we have come to our last year in the school we have all learned to love so well. We have chosen Loyal Phillips as our leader, because of his many excellent qualities and because he has proven himself to be a friend to all Howardites. We received a terrible blow the first part of the year, when death claimed one of those dearest to us, Mrs. John C. Dawson, the wife of our beloved president. Her loss is keenly felt and sincerely mourned—no one can ever take the place she has held in our hearts. Another very dear friend we lost this year was Mrs. A. D. Smith. She was a life-long friend to Howard College and a real mother to the boys. Such friends as these will be hard to replace.

This year we will graduate two more honor students: one, Theodore Jackson, president of the student body, and the other, Helen Johnston, the first girl to ever receive a degree with honors from Howard College. This year marks a milestone in our athletic history. The first Home-Coming, marked by a pep banquet, was such a success that from now on it will be an annual affair. The freshman team was again victorious over their rivals. Best of all, however, we dedicated Birmingham's new municipal stadium with a Howard victory, by "rolling it over" Southern, 9-0. There will be many Howard-Southern games played in that magnificent stadium, but to the team of this year goes the honor of being able to say, "We won the first!" The Senior Class is proud to claim as one of its members, Billy Bancroft, the captain of this year's eleven, which is the best in Howard's history. Billy is the man who started our class on its way by being its first president and the captain of the first freshman football team. He has wound up his college career in a brilliant way. We do him honor, because, in addition to being the best football player that ever donned a Howard uniform, he is also a good student, a sincere friend, and, above all, a gentleman. The present Senior Class has never seen a Southern football team defeat Howard—we are the second class to claim this distinction. As our gift to the campus, we are leaving the first stone which will be a foundation to a monument erected to the "Valiant Six" who stole the panther. Each Senior Class will leave one more stone, so that in the years to come the monument will be a huge pyramid.

Now, our playtime is almost over, and soon this serious business of life must begin. We are thankful if the little we have done has in any way helped our Alma Mater. We know that we will never be able to fully realize all that she has meant to us. We will strive, in the future, to uphold the high ideals of the college we all love and of our president, who has been a constant source of inspiration to us throughout our college careers.

MILDRED HEARN, *Historian*.

Senior Class Poem

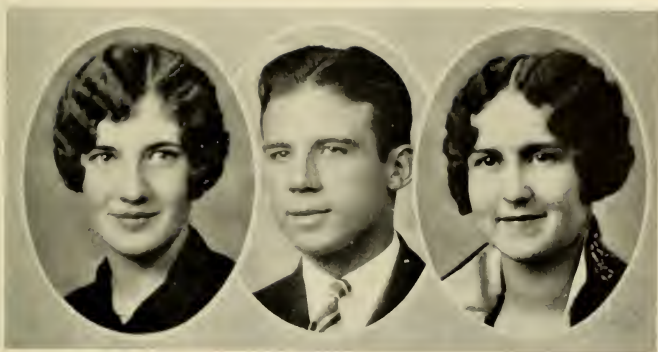

*Four full years we've lived together,
Strength'ning friendship's potent tie,
So that years may not dis sever
Hearts, but memory unify.*

*Eyes alight with ardor burning,
To siege Learning's citadel,
Hearts afire for knowledge yearning
Those four years did not dispel.*

*Strength of will to equal fervor
We ask now, a battle won.
Give us faith in each endeavor
To promote the work begun.*

*Thus endowed, life's steepest mountain
Levels to our onward course.
Thus inspired, life's sweetest fountain
Flows for us, with God its source.*

DR. J. E. DILLARD

Dr. Dillard is claimed and acclaimed by Howard students to the extent that they always want him where they are, and that's why this page, which we dedicate to him in all love and gratitude, is next to the class section. His zeal in behalf of Howard during the recent endowment campaign is of inestimable value to this institution, and it is the greatest satisfaction to all those interested in the school to know that such a loyal Howard booster will serve as chairman of the Committee on New Buildings and Equipment. We honor you, Dr. Dillard.

Coaches

Coach C. C. Dillon, as Athletic Director and head football coach, has had his hands full, but you'll agree with us that he did quite a neat job of it. A glance at last year's football results will convince anybody that he knows his pigskins—and his men. He guided the Bulldogs through one of the toughest grid campaigns in their history last Fall, and did it well.

However, we would not have had such a good season had it not been for Coach "Doc" Newton, who coached the line and did most of the scouting. He can watch a game and photograph in his mind every play the prospective opponents run, and some others that might be run from the same formations. Baseball, however, is his long suit. He has been doing good work with the pastimers and we wish him luck when he leaves us this spring.

Coach "Eddie" McLane, who joined us last Fall, also comes in for a share of the honors. He had charge of the ends and it is admitted that Howard never had a better outlay of flankmen. His success with the basketball team was almost remarkable, considering Howard's cage results in the last few years.

Coach "Slick" Lollar, staying at Howard to coach this year after completing a brilliant athletic career, marked himself as a coach of ability. His strong Bullpup team will furnish much good material for the varsity next year, and the 'Pups will know football. He also did fine work with the Rat cagemen and is coaching the baseball team.

The Season

The piercing blast of a whistle. The thud of leather against leather. Muffled scurrying of feet on the grassy field. The clash of straining bodies. Again—again—and again. A roar from one side of the field. Maniacal antics of fans. Flying cushions and hats. An audible sob from across the rectangle. Legion Field belched forth a seething mass of humanity. Howard College had dedicated Birmingham's new municipal stadium with a 9 to 0 victory over Birmingham-Southern!

The 1927 football season had so many high spots that it seems better to emphasize them

ENTRE NOUS

1928

instead of going into a dry history of the year's campaign. But the complete victory over Birmingham-Southern towers above them all, because there was never so much at stake. Legion Field was dedicated in fine style, and the Crimson Bulldog still retains the battered crown of Birmingham footballdom, wrested from the Hilltop Panthers six years ago.

Captain Billy Bancroft closed his football career in brilliant style. The other seniors that played—Clif Brown and Johnny Wilking—played football that will long be remembered. But those fighting the Panther for the last time were supported one hundred per cent by those playing their first game, or second, or their third, against the ancient foe. Bud Harris and Sam Bradley were playing like a couple of demons. Sam Spicer, "Ox" Clark and "Shorty" Griffith knocked opposing linemen around like chessmen. Don Van Buskirk, "Red" Garret, Louie Rhudy, "Soupy" Suddeth, Mitch Burns, Roy Williams, Fred Burnham and "Ham" Smith had big shares in the honors.

Howard was superior practically all the way through, but the Panthers held through the first half, which ended with the score 0-0. In the third quarter, Bill calmly stepped back and tossed the pigskin to Sam Spicer, thirty yards away, and Sam scrambled over the line for a

ENTRE NOUS

1928

six-point lead. The Bulldog captain put the ball squarely between the uprights from the 29-yard line in the closing period; score, Howard, 9; Southern, 0.

The Canines started their first Dillon season off by a 37 to 0 victory over Spring Hill. While the game was not so important, it marked them as a winning aggregation. Bull Smith, one of the strongest linemen, sustained a twisted knee that kept him out for the rest of the year. Then came the first big surprise of the season.

The highly-touted Loyola Wolves swaggered into Birmingham with a perfect record to keep. They were knocked off their pedestal of glory when the Howard men held them to a 0-0 deadlock, when they had not been beaten or tied in three years. The contest was one of the hardest fought of the season, but "Bucky" Moore's expected long runs were cut short by alert Howard linemen.

The march of the Crimson horde was stopped short the next week when the Bulldogs journeyed over into Mississippi to meet Millsaps. The Majors were not as strong as the team met the week before, but the locals couldn't get started off on the right foot and went down in defeat, 13 to 6. The overthrow got their nettle up, however, and another page was added to Howard's football history a week or two later.

ENTRE NOUS

1928

Smarting under the discipline administered by the Majors, the Dillonites took their spite out on Jacksonville Normal, showing no mercy in their 43 to 0 victory. "Busky" left the opposing gridders standing agape with his deceptive runs, the boy from Colorado springing over for five touchdowns. Practically all the reserves got to put in some time, several showing up so well as to get letters at the end of the season. Anderson, Fisher, and Gibson did excellent work in the backfield, and the reserve linemen, Colley, Vance, Herbert, Harold Harris, Long, Morgan, Caine, and Knight, performed admirably.

Phoney Smith and his Mercer Bears were paid back with interest for their defeat of last year. A small band of Howardites followed the Bulldogs to Macon to see them administer the 14 to 0 defeat, most of them going via the hobo route. The Crimson were "right" that day, and the most formidable Mercer attack could not pierce the line when the ball was near the goal. The whole Bulldog eleven played football—and how!

Auburn's Tigers swept into the Magic City with blood in their eyes. They crept out after being held to a 9-9 tie by a team they had always beaten. Bancroft threw a pretty pass to Spicer, who caught the ball on the goal line, and with the score tied, kicked a field goal for three more points. With the game all but won, the Bulldogs were backed up against their own

ENTRE NOUS

1928

goal line and a bad punt gave the Tigers possession of the ball. A field goal from placement tied the score, and a minute later the game ended. The line suffered another serious loss when Lee Roberts was injured internally and forced to stay out for the rest of the season. But that boy played football while he was in there! Another disastrous invasion of the Magnolia State was made the next week, the Mississippi College Choctaws scalping the Bulldogs, 12 to 0. Although Coach Dillon used all his bag of tricky offensive tactics, the Mississippians had developed a marvelous passing attack which the locals were unable to solve.

The Marion Cadets fell before the onslaught of the local gridders by the score of 33 to 7. A fairly large band of students made the trip to Selma, while the Judson seniors came over to root for their home team. The Bulldog line was weak during several intervals of play, enabling the Soldiers to run a touchdown over, but the locals soon ran up a safe score. The reserves also made good in this contest.

Then came the epochal battle with Birmingham-Southern, Howard winning the handsome *Birmingham News* Trophy, besides winning the first game ever played at Legion Field.

As a reward for their season of hard work the gridders were taken on a trip to the Southland. After chalking up a 52 to 0 score against Miami University, they set sail across a small

ENTRE NOUS

1928

corner of the pond to give Cuba an exhibition. While they beat National University by the score of 20 to 6, that was expected, and there were other big features of the trip to be talked about. The Havana men put up an aggressive game, although football was new to them.

Prospects for a good season next year are excellent. Seven men will be lost—Bancroft, Brown, Wilking, "Bull" Smith, Anderson, Gibson, and Long—but there is a wealth of good material on hand. Coach Chester C. Dillon, serving his first year as head coach, had good material this year, and put out a team accordingly, and with his system thoroughly instilled should put Howard in an even more prominent place on the football map next season. Coaches "Doc" Newton and Eddie McLane ably assisted him during the past season, Coach Newton being especially valuable as a scout, while McLane trained the ends perfectly.

Thus the graduating class can leave Howard saying that the Bulldogs were never licked by the Panthers during its four years here. The fighting Bulldogs were victorious over Badgers, Tigers, Bears, Panthers, conquered a regiment of Soldiers, made a whirlwind out of a Hurricane, and then spread out to cop an international contest. They battled Wolves and Tigers to a draw, and were scalped only by the Choctaws and courtmartialled by the Majors.

Managers

A manager may be a perfect man and never get to fame. He works like thunder and if anything goes wrong he gets blamed for it, and if everything goes right nobody knows the difference. We were fortunate to get a good set of managers this year.

Manager Willie B. McDonald handled the football equipment competently and if any man deserves to wear the block "H" it's "Mac." Palmer Webb, as assistant Athletic Director, has his hands full but was a big help to Coach Dillon. Harold Freeman kept track of all the baseball equipment last Spring and that's a job for any man. Again we congratulate ourselves on our choice of managers.

The Bullpup Season

Whatever sort of season the Bullpups had before November 18 matters little, because on that day the results of all other games were forgotten and they received the praise of all Birmingham and Alabama football followers by winning over their biggest rivals, who were supposed to come out on top by a big margin. The Panther Kittens were knocked completely off their perch as favorites when the local freshmen battled their way to a 14 to 13 victory.

Coach "Slick" Lollar's boys had a short but hard schedule, and came through with the credit side of the ledger in their favor. A. M. I. was beaten by the score of 9 to 6 in a hard-fought battle at Anniston; then the Rats came home and took a severe flogging at the hands of the Alabama Baby Tide, 51 to 0.

The Auburn Tiger Cubs were tied, 0-0, in one of the toughest fights of the year. The young Plainsmen were also expected to win over the Pups, but were unable to get through the hefty Birmingham line. The Baby Moccasins of Chattanooga took a 13 to 6 score on Tennessee ground.

Coach Lollar graduated much good material for the varsity next year, and a number of both linemen and backs showed up so well that they should be in the Bulldog first line-up next season.

BASKET BALL

Varsity Basketball

WHITNEY KING, *Forward*

For the last two years Whit has been an outstanding man in Howard basketball. He is another Bulldog that will not be on hand next year and coming forwards will have to step about to come up to his standard. He is too short to hit the loop on every shot, but his speed and fight have made him a valuable man.

MILLARD STRICKLAND, *Forward*

"Strick" proved to be a most versatile basketball man during the past season. Besides serving as manager, he played in practically every game at center or forward, filling in well where he was needed. He has another year to go, and should be one of Coach McLane's best bets next year. He was one of the five letter men on hand at the first of the season.

GRADY GILBERT, *Center*

Gilbert was one of the few Bulldogs who didn't suffer a slump this year. Although this was his first year on the varsity, he stood out as he did as a Bullpup, playing center and guard alternately. He is a good shot and plays an excellent defensive game, being largely responsible for the Canines' win over Jacksonville. During the next two years he will be a mainstay of local cage activities.

FRED BURNHAM, *Guard*

Although not a regular, Burnham was used on frequent occasions and put out to the limit whenever he was called upon. He is a good guard, valuable as a defensive player, and should see lots of action during his next two years at Howard. This is his first year on the Crimson squad, coming from Jacksonville Normal.

"Ox" CLARK, *Guard*

"Ox" was a strong pillar in the frosh team year before last, but failed to come out for the varsity last year. During the past season, however, he played fine basketball, and will be one of the veterans back next year around which the Crimson mentor ought to build a strong team. His long suit is defensive work, but he is also a good shot from a distance.

MITCHELL BURNS, *Guard*

"Mitch" is an all-round basketball man, playing guard, center or forward. Most of his time during the past season was spent at guard, and the success of the year hinged, to a great extent, upon him. He is poison when it comes to long shots, and his guarding during the past season kept the opposing score much lower than it might have been.

Varsity Basketball

CAPT. JOHNNY WILKING, *Guard*

For four years Johnny has been in the thick of things athletic at Howard, and has stood out as one of the best cagers on the Bulldog squad, holding his position at guard with little competition. A large share of the credit for every game won this season goes to the Bulldog captain, his breaking up of the enemy's defense accounting for many points the opponents didn't make. His aggressive game will be missed keenly next year, Wilking having played his last game for Howard.

BILLY BANCROFT, *Forward*

When the team seemed to be slowing up in their passing and running, the Bulldog mentor invariably sent in Bancroft to liven things up. His speed, added to this year's good shooting, made him one of the most valuable men on the squad, and he had the remarkable knack of putting spirit into the team. This is also Bancroft's last year.

JIM CAWTHON, *Guard*

Jim played a consistently good game during the past season, and will be missed from the squad next year. Guards were more plentiful this year than last, and he didn't see quite as much action as he did when he was captain, but he added much reserve strength to the Crimson. He played an airtight game against Southern, and Howard fans are sorry that he will be absent next year.

FERMON VICKERY, *Forward*

This was "Viek's" first year on the varsity, but he proved himself to be a real basketball player. He was high scorer for the season and held that place in nearly every game. Birmingham-Southern, Jacksonville, and Maryville especially felt the sting of his brilliant offensive work, his shooting and running being of the best variety. We need more like him.

HAROLD PEACE, *Forward*

Harold was late getting started this year, but he hit his stride in the second game with the Hebrews—and how! He didn't suffer another slump for the rest of the season, his deadly aim accounting for many points on the trip into Tennessee. He is small in stature, but one of the biggest men on the team when it comes to offensive basketball. He has another year left and should be one of the mainstays of the team next year.

Girls' Basketball

CAPT. CLARIETTA KENDRICK, *Guard*

Among other outstanding Howard athletes that are graduating this year is Capt. Kendrick of the Co-eds. Kendrick played better basketball during the past season than ever before, and that's saying something, for she has been a fighter all the way through. Her work at guard had a lot to do with the Crimsonettes' success.

LUCILE DYAR, *Forward*

Although this was Lucile's first year on the team she stood out as one of the best forwards. Her eye for the basket and her all-round good playing throughout the season opened up a berth in the first choice lineup at once. We are glad that her basketball career has just begun.

SALINA SHIVERS, *Guard*

Shivers is another Jones Mill product and Jones Mill is noted for its championship teams. Salina left one championship team and came to Howard to have a big part in the manufacture of another. She played fine ball all the season and will be one of the mainstays next year.

ALYNE BLACKBURN, *Guard*

They just don't make 'em any better than Alyne. Another All-State player from the Mill, she kept up her good work during the past season and will feature in co-ed athletics for three more years. As a guard she stands out alone. Opposing forwards could do little damage while she was at her favorite position—another reason for the successful season.

Girls' Basketball

MARTHA DARDEN, *Forward*

Here's to the alternate captain, who is one of the fightin'est little forwards that ever donned a uniform! And can she shoot? As evidence, she looped 130 points during the season and played a wonderful defensive game as well. She played the whole season in brilliant style, looping from five to nineteen points in a game. She has two years left and that's what makes fans dance with glee.

BERNADINE MOOSE, *Guard*

Moose is one of Howard's best all-round co-ed athletes, standing out in every phase of sports entered by the fair sex. She was one of the strongest reserves Coach Ferguson had and should be in the first lineup next year. She is a guard of exceptional ability and plays a good defensive game. We are glad she has three more years.

LUCY LEA, *Guard*

Lucy is another good guard who was sent in many times during the season when reinforcements were needed. She played a hard game all the way through and was on hand for all the trips made. She has another year and should be one of the mainstays next season.

GRACE HAYS, *Manager*

Grace worked as hard as any other girl on the team, but in the capacity of manager. She flitted about everywhere in search of opposition and it was through her that the Crimsonettes got such good teams to play. She was also one of the reserve guards at the first of the season and well deserves her letter.

COACH "FIRPO" FERGUSON

"Firpo" knows how to handle basketball teams, that's a fact. His work with the co-eds this season brought him the esteem of all Howard fans. The excellent season was due as much to good coaching as good playing and we hope Coach Ferguson has the girls in charge again next year.

Freshman Basketball

The Bullpups of the past season stood out more prominently than a Freshman team has in several years. They won third place in the Boys Club League, beating all comers at least once but losing out in the first rounds to lower their average. They had no regular schedule except that of the League, but did fine work there. They broke even with the Panther Cubs, and some of the outstanding teams of the city.

Coach Lollar graduated some fine material for the varsity combine next year. The varsity needs reinforcements and this time it is going to get them. Foster was one of the outstanding forwards of the League, while Watson, Dew, Montgomery and Chappelle also stood out in every game. Foshee, McLendon and Bondurant also played well.

Varsity Baseball

As the ENTRE NOUS goes to press the Bulldog diamond men are practicing daily for a lengthy schedule that will be well on its way by the time the annual is out. Coach "Doc" Newton seems to have good prospects this season, and present indications are that this spring's Bulldogs will be better than those of last year. The team suffered greatly from loss of veteran men, but new material is fitting in well.

The pitching staff ought to be stronger than last year with the addition of Cliff Brown. "Bull" Smith, who was the mainstay of the pitching staff last year, is also back, while Dees looks good. Bancroft or Spicer is expected to be on the receiving end of the battery most of the time, with Clark or Cawthon at first, Harris at second, Whit King at third, several good candidates being on hand for shortstop and the outfield, including Fisher, Bradley, Williams, Roberts, McDonald, Harold Harris and others.

Last spring's season was fair, the Canines winning four out of ten major games. The season started off slowly, no definite schedule having been made, and, with a badly disorganized team to start with, it took Coach Newton several weeks to make up a good combination.

The Howard nine started off by splitting a series with Marion, taking the first by a score of 6 to 2, losing the next, 8 to 1, due to lack of a strong pitching staff. After several contests with local shop and foundry teams, the Bulldogs went forth to battle the Birmingham-Southern Panthers, taking the first two games of the series, 4 to 2 and 2 to 1, both being hard-fought contests. Southern came back and took the next pair, 3 to 1 and 2 to 0, and the season ended before the play-off could be arranged.

McWane Cast Iron and Pipe Works fell before the 'Dogs, 7 to 4, but the locals were downed by Fort Benning in three straight games, 8 to 2, 7 to 4, and 7 to 1.

Freshman Baseball

What appears to be the best Bullpup baseball team Howard has had in several years is now working out on Berry Field in preparation for a hard schedule. Coaches Lollar and McLane have some of the outstanding high school stars in the state, and should raise the baseball reputation of Howard considerably this spring.

The annual goes to press too early for a report of the present season, but the following are showing up well in various positions: Pitchers, Skelton, Coleman, Foshee, Kent, McLendon; first base, Bullard, Folson, Embry, Bains; second base, Watson; shortstop, Akin, Finklea; third base, Mann; catchers, Davis, Morris; outfield, Britt, Dew, Anderson, Skelton, McDonald, Chappelle.

Getting off to a late start, with a chopped-up schedule, the Frosh of last year failed to make an impressive showing. We do not charge that this fact was the cause of the camera backfiring, but none of the pictures were good, thus the absence of one feature of the annual this year.

The Entre Nous

On the ENTRE NOUS staff chosen for 1928, there have been some students who worked willingly and ably, some who worked grudgingly and sparingly, and some who did nothing at all towards the compilation of this volume, but who, no doubt, will be most severe in their criticisms of its shortcomings. Invaluable assistance has been given by persons who had no place on the staff, and to those and all who made this book possible the editor's most grateful acknowledgment is hereby tendered for their tireless co-operation.

The Crimson

A vital factor in keeping up that indomitable Howard spirit is the *Howard Crimson*, the weekly newspaper published by the student body. However, it has more services to perform, such as giving students and alumni an accurate and complete account of what is happening on the campus. And it has performed these duties well this year.

In choosing Morgan Baker as editor, Howard students made no mistake. A born newspaper man, with a sense of news values, and all other faculties necessary in the make-up of a good editor, he has set standards that should be the goal of those in charge of the paper in the future. Although he had been out of school the year before he was elected, his literary ability was recognized and confidence shown in his journalistic ability.

No newspaper, however, can be published without competent financial managing. Allen Simpson, as business manager, has handled this side of the *Crimson* with success, keeping advertising space well filled without crowding the news section. His job is a hard one, but he has a businesslike turn of mind and he has filled his place well.

Since Howard's large summer school felt the same need for a college journal as the regular winter session, Morgan Baker and Ralph Callahan, at the beginning of the 1927 summer school, instituted the *Summer Crimson*, an innovation unique among Southern colleges. The paper met with great favor.

Pi Kappa Tau

Honorary Society, Founded 1922

This is a society, the purposes of which are to emphasize the importance of the highest proficiency in student scholarship, and to stimulate individual ambition by making membership in it the reward for notable excellence in studies and for notable service to the college. Members are elected from the faculty, the graduates and the undergraduates of the college. Undergraduates are elected from those members of the Senior Class who have maintained a grade of "A" in a majority of their courses for the whole period of their stay at college. Faculty members and alumni and alumnae are elected on the ground of notable scholarship, the achievement of honors for themselves in college, or the rendering of noteworthy service to the college.

Hypatia is a senior honorary society for women. The purpose of this organization shall be to recognize and honor the attainments in all phases of college life of girls ready to enter the Senior Class, and thus to encourage undergraduates to similar efforts. Hypatia hopes each year to further one specific movement for the benefit of the whole student body, or for the co-educational body. The members of the society are so chosen upon the basis of present usefulness to the institution and the promise of future usefulness to society, as indicated by possession of the following qualifications: (1) General Scholarship, (2) Character and Personality, (3) Interest in College Activities, (4) College Honors.

Student Mission Band

The Student Mission Band is an organization composed of active Christian students who find it both expedient and interesting to engage themselves in sacrificial Christian ministry.

It aims to find out where simple ministry is most needed and to supply this need. It does not confine its activities to the campus alone, but reaches its hand of mercy over the entire city. The Mission Band is the only Christian student organization on the campus proposing off-campus activities and executing them.

THE B. S. U. DEFINED

The B. S. U. is the general religious organization to formulate, propagate, and correlate the religious activity on the campus.

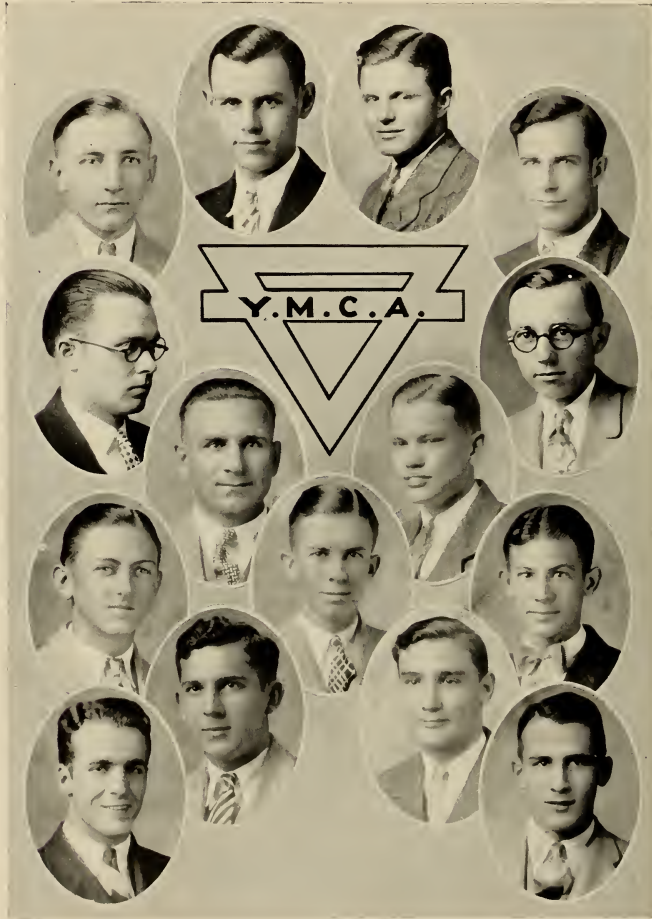

OBJECT OF THE B. S. U.

The object of the Union shall be: the winning of others to Christ and His church; the enlistment of Christians in Bible and Mission study; the training of individuals in the practice of stewardship as taught in the New Testament; the calling out of the called for special service; and the utilizing of Christian workers in denominational activity.

MEMBERSHIP

Every student in Howard College, regardless of denomination, is a member of the B. S. U.

ENTRE NOUS
1928

The Y. M. C. A. is the only organization on the campus which reaches every student (regardless of denomination) from registration to graduation. The Y. M. C. A. is ready and anxious at all times to render service to any student on the campus.

Viewing the year's work, the first service rendered to the new students was to meet them at the train and show them the way to Howard—the best college in the South. Second, a hike was given by the Y. M. C. A. and Y. W. C. A. at the beginning of the first semester for the purpose of getting the upper classmen and freshmen acquainted, as well as furnish them an evening of wholesome recreation. Third, the Y. M. C. A. has sponsored a prayer service each evening in the boys' dormitory for the purpose of increasing the spiritual life of the campus. Fourth, the Y. M. C. A. and the Y. W. C. A. rendered a distinct service to the college and to the students by furnishing each student with a "Hand Book," which gave them helpful information concerning all phases of college activity. Fifth, the Y. M. C. A. has had some of the best speakers available to address them at the weekly meetings. Sixth, the Y. M. C. A. is giving physical training through tennis, etc., as well as mental and spiritual training, realizing man requires the four-fold development. Finally, the chief purpose of the Y. M. C. A. as a college organization is to cause each student to grow spiritually, as he will be more like the Master.

ENTRE NOUS
1928

Organized at Howard, October 19, 1922.

Entered National Association, November 3, 1926.

The Young Women's Christian Association at Howard is the one organization which is open to all girls alike. Through its influence a fellowship and understanding is maintained among girls and groups of girls on the campus. Its greatest contribution is the development of Christian character and leadership. It has been the purpose of this organization to develop the "Fourfold" life, which means mental, physical, social, and spiritual development. During the several years existence of the Y. W. C. A. at Howard, it has accomplished much. Students have been sent to the Summer Conferences at Blue Ridge, to Student Conferences, and this year one goes to the conference at California.

The executive work of the Y. W. C. A. is carried on by the Y. W. C. A. officers elected by the Y. W. C. A. at large and the Cabinet, each member of which is chairman of some committee. It is the aim of this association to bring all those into its membership who profess to be followers of Jesus Christ.

The Historical Society was organized by the "A" students of history for the purpose of fostering the study of history in Howard College. Students who are eligible for active membership are those who are either majoring or minoring in history, and who have a grade of "B," and persons who are eligible for associate membership are students who do not have history as a major or minor subject, but who have a grade of "A." The Society plans to have lectures by history leaders, exhibitions, and other features of interest.

The Howard Scientific Society was founded in 1923 under the leadership of Dr. S. A. Ives, then Dean of Science. The faculty members were the officers the first year. At each of the three programs that were presented, a faculty member of some other institution spoke.

During the years of 1924 and 1925, the Society grew in membership and in the number of programs presented. The students took a more active part. All of the officers of the Society were chosen from the student members. At the programs, papers were read by visiting speakers, faculty and student members.

The Society revised its Constitution in 1926 and adopted a three-fold purpose: "(1) To promote the study of Science in all its aspects; (2) To promote a better relationship and understanding of the different sciences; (3) To create a spirit for a bigger and better School of Science in Howard College."

This year the promoting and furthering of its three-fold purpose is the aim of the Society. The programs are so arranged that the aim of the first two purposes will be fulfilled. The Seniors are asked to present their theses, and the faculty members are asked to present some of their problems that may occur in experimental research, in the classroom, or in collateral reading. The other members are asked to present some phase of Science that interests them.

Faculty members, alumni and student members are all working for a "bigger and better School of Science in Howard College." Our faculty members are working toward this goal through many fields of endeavor. The offices of president and secretary-treasurer of the Alabama Academy of Science and the offices of senator and secretary-treasurer of the Alabama Section of the American Chemical Society are held by members of Howard's faculty. The scientific societies and honor fraternities that are represented on Howard's campus by the faculty members are: the American Association for the Advancement of Science, American Chemical Society, Alabama Academy of Science, American Pharmaceutical Association, Alabama Pharmaceutical Association, Electrochemical Association, Jefferson County Pharmaceutical Association, Sigma Xi, Gamma Alpha, Phi Lambda Upsilon, Alpha Chi Sigma, Phi Sigma and Phi Chi. Publications of the faculty members have appeared in the Journal of the American Chemical Society, Journal of Chemical Education, American Electrochemical Society, Proceedings of the Society of Experimental Biology and Medicine, Physical Review, and Journal of Biological Chemistry.

Three of our alumni are holding teaching fellowships in Columbia, Nebraska and Florida. Others of our Alumni are helping us attain our aim by demonstrating the "goods that Howard delivers" in the graduate schools of Chicago, Ohio State, Pennsylvania, Johns Hopkins, Tulane, Vanderbilt, Emory, Alabama and the Southern Dental College. Many of our alumni are teaching in high schools; several alumni or student members are working in our own Birmingham district as bacteriologists at the Hillman Hospital, at the City Health Department, and as chemist at the American Cast Iron Pipe Co., and Doster-Northington Drug Co.

And everywhere and at all times faculty, alumni, and student members are talking and boosting the School of Science.

Miss Marguerite Pence,
Editor-in-Chief, The Entre-Nous,
The Howard College Annual,
805 Martin Building,
Birmingham, Ala.

Dear Miss Pence,

Under separate cover I am returning the pictures which you sent me. That a task you set for me. For several days I have pered over these pictures selecting and rejecting them and my final choice has been made after much care and consideration.

It is a delicate thing to be asked to judge beauty, for after all "beauty is only in the eye of the beholder" and we all have such conflicting opinions on that score. So please tell the girls that are not selected that no reflection has been cast upon them in any way. They are all lovely.

You will find the pictures numbered on the back, five of them. Perhaps I can briefly sketch why these five are the fortunate ones.

As I do not know the girls by name I shall have to refer to them by number. Here goes.

Number one has won first place because of her unsophisticated beauty combined with intelligence. Number two because she has "personality plus" and a bright smile disclosing lovely teeth. Number three puzzled me. I gave her first place and second place and then changed her to third after seeing the other two. Her eyes are exceptionally lovely-hair also. Number four—who could pass by without a tribute to those dimples and those twinkling eyes. Number five has, photographically at least, a quiet reserved beauty, a face of lovely contour.

I hope my selection will be approved by the majority and I sincerely hope no one will feel offended.

I repeat my task was a hard one, but if I have been of any service I am glad.

My best wishes to the Entre-Nous staff and to the student body.

Sincerely yours,

Louis Wilson

Birmingham, Ala.

Dear Miss Pence,

Miss Wilson returned from Arizona yesterday. Remained only one hour and did not have an opportunity to write you a letter but these three more photographs which I at once mailed to you (special delivery). The remaining photographs I have mailed to you under separate cover. I trust you will receive them A.O.

Miss Wilson regrets that she was not able to write you regarding her reasons for the choice of the latter three, but unfortunately it was impossible for her to do so.

Wishing you all success with your "Annual" I am

Yours truly,

Wilson

CAMPUS PUBLICATIONS

The Very Red (Non-Socialist)

This is a weekly paper which occasionally makes its appearance as the check from home, and bids fair to become a dangerous rival to "Life" and "College Humor." It is overflowing with jokes and verses bordering on the vulgar, but very funny nevertheless. The cartoons are good and the red perfectly killing. But the funny part about this funny paper is that we, as yet, have not seen a copy of it. Isn't our post office service terrible?

Bull Dawg Bull

This is our humorous magazine, which appears just as regularly as the check from home, and bids fair to become a dangerous rival to "Life" and "College Humor." It is overflowing with jokes and verses bordering on the vulgar, but very funny nevertheless. The cartoons are good and the red perfectly killing. But the funny part about this funny paper is that we, as yet, have not seen a copy of it. Isn't our post office service terrible?

The Entry Noose

This is a publication forced on the student body each year, if the management can swindle enough people to lose only \$500 apiece. It carries the pictures of all students who are handsome enough to have their pictures made. It tells how seniors are super men and women and with all the pictures of the campus and lovely buildings, it makes a good, safe catcher to put on some shelf back home.

The Bulldog's Puppy

The Rat Bible is put out by the X. Y. Z. A., and is presented to all freshmen and fresh women entering Hard. It contains a calendar, a blank schedule, pictures of one or two politicians, a list of "Dor's" which all fresh do and a list of "Do's" which they don't. It also gives invaluable information about cutting, making, and flunking classes.

STATISTICS

By a careful study and use of questionnaires, we have induced, deduced and produced the following statistics, which are more or less inaccurate:

1. There are 100 yellow slickers on Hard's campus, 16 green ones, and 200 red ones; 600 are painted with appropriate slogans and resemble very closely a walking billboard or comic sheet of the "Sunday News"; one man carries an umbrella.
2. If all students who eat in campus boarding houses were placed in line they would reach . . .
3. If all the co-eds who wear short dresses were placed end on end, they would be in a very uncomfortable position.
4. Of the 300 co-eds at Hard, 75 have dates, 200 would like to have dates, and 25 are married.
5. Among the professors: They told 19,000 jokes; 16 were funny, 13 were risqué, 26 were awful, and the rest were antediluvian. They made 15,000 lectures, gave 3,000,000 quizzes, flunked 450,000 students, and said enough to fill a set of volumes three as large as Wells' Outline of History.
6. As to the freshmen: The 250 here during Russian season hoped to get bids; 100 got rushed, 50 were pledged, 35 were initiated, 15 went back to the farm to do the spring plowing, and the remainder passed two courses and stayed to see that things were run right on the campus.
7. Take your height, multiply by your team average, add the number of cuts you made last semester, subtract the number of times you were called before Miss Lottie, Mr. Caussey, and Benn Burns. This gives you the score of the Faculty-Senior baseball game.

Acknowledgment

The Entry Noose staff feels that it should express its deep appreciation to the following parties, without whose co-operation this book could not have been published: To those countless thousands who have asked us when the book was to appear, thereby reminding us that we were editing an annual; to the 88% of students who did not have their pictures made; to the Religious Education Club, who decided they didn't want a page after their panel had been completed; to the editor of The Very Red, who actually found and returned to the cuts he borrowed, and to the college administration for the palatial office in old Ruhama Church and the beautiful mahogany furniture furnished for the use of the staff.

Consume of 1928

SEPTEMBER

Hundreds of fine youths forsook farms and drug stores and trekked toward Hard, where they embellished their caputs with red caps and learned all about college except how to study.

OCTOBER

Numerous football games were played and much money changed hands.

NOVEMBER

Southern's cat lost all nine lives (9-0), and the dormitories served dressing on Thanksgiving.

DECEMBER

Santa Claus came, and all the boys hoped they would get a roadster and coonskin coat, which they didn't, instead of the loud Sox and awful ties, which they did.

JANUARY

After mid-term exams some several scholars wended their weary way homeward.

FEBRUARY

There was an extra day in which to cut classes this year.

MARCH

Came in like a lion and acted like a hyena.

APRIL

Young man's fancy turned to what the co-eds had been thinking about all winter.

MAY

Spent in cramming for exams, final flings at campus courses, paying up outstanding debts, etc.

SUMMER

Wholly a matter of conjecture: Some will profanely coax old Beck down the corn row; some will adorn street corners and public squares of the home town to treat natives with a view of collegiate-cut clothes; some will peddle Pictorial Reviews and alumni-ware; seniors will be wondering what they can do to make a living.

In loving memory of those students who lacked energy to have their picture made, do we, the staff, dedicate this space.

HONORARY ORGANIZATIONS

There are many and various kinds of these so-called "honorary" groups—Allied Arts, Science, History, French, Math, Religion, and Education—for those students who are trying to spoof the pros and make them think they are interested in the subject. You can also by this means get your name and picture in the annual again. Fraternity infested as Hard's campus is, the honor of belonging to one of these groups is almost as much as the overwhelming distinction of belonging to the human race.

There are Alpha Beta, and Chi Delta Pi; groups who composed of intelligent and literati who are interested (?) in what Shakespeare said to Dante when they heard John Erskine had written "Adam and Eve." They were as driven by this "Eve" of an editor.

Then there is Alpha Beta, composed of embryonic Newtons who have faith enough to believe that there are such things as atoms and there are as complex as the grading system used in the Physics Department.

Beta Pi Theta gets big French headlines in the "Very Red," but the Chinese which they should "poly voo" is Greek to most of them.

When the Religious Ed. Club meets, flasks, pistols and dice are checked at the door, and those whose breath smells of onions or whisky are promptly ruled out.

The History Club has done research work this year to establish exact data concerning the social customs of the period in which Queen Victoria ordered Magellan to divide all Gaul into three parts.

The Commerce and Math Clubs became so rough that they had to function sub rosa. The English Club has never seen on the bulletin board any notice of their meetings.

These are only a few of Hard's honorary organizations, which brings us to the fact that there are not enough, for every man should belong to six such lodges (even Little Jack and Six Pence only belong to four each). There is room on each watch chain for at least four keys and the average vest contains 40 square inches which could be utilized as parking space for pins. The Class Cutters, Crip Hoppers, Course Busters, Chapel Goers, Dean Dodgers, and Book Borrowers should certainly get together and perfect a form of organization. It is a burning shame we don't have enough clubs, and somebody ought to write a piece about it.

To Whom It May Concern:

There are many different lies and varieties of lies—white lies, black lies, college catalogues and statistics. This is true, but we guarantee that the data given on this page is one per cent accurate and correct. We compiled it from an directory, a dictionary, a copy of the chapel song book, a gallon of corn meal, two quarts of water, one package of raisins and one cake of yeast. If anyone is offended, he may address all communications to the Honeymoon Matrimonial Bureau, Plumb Hill, Alabama. On second thought, he can save the stamp and smoke a Chesterfield—they satisfy.

EDUCATION

Aspiration, mystification, examination, four years' duration, Anticipation, hard occupation, short vacation, no cesses, Expectation, conditionalization, passification, then salvation, Realization, gratification in sweet graduation.

We apologize to the whole world—but hope not more than half of it—for our involvement at the effort hereby made to fill up another page.

The "Ayes" Have IT

In making up this cut, the "Ayes" carried the page, the "Noes," however, running them a very close race for the place of prominence. The twenty students who make a partial appearance on this page are afforded an opportunity to look themselves in the eye and figure out all their complexes by analysis and introspection.

Now check up and see if you can fit the eyes with the following names.

O O O

AFTER COLLEGE, WHAT?
The Seminary welcomes college trained men and women who plan to crown their education with specialties in the religious field.

SPECIALTIES

Special courses offered embrace preaching, teaching, and singing. Scholarship and evangelism have set apart the "Southwestern" men and women. The spirit on the campus is 100% in cordiality and fellowship. Men and women are trained in ten distinct lines of religious educational work, and gospel singers are prepared for every phase of activity in the music field. Women along with men are given their specialty.

EXPENSES

Expenses are kept at a minimum, with no tuition and low rents and board. Special homes are offered to married students, and hundreds make their way through school preaching, directing educational activities, and singing. Two and three years are required for the completion of the various courses, and the outlay is negligible as compared with the increased efficiency in service.

CLIMATE

Th great open spaces of the Southwest offer splendid health conditions. The majesty of the plains is unparalleled, and the beauty and accessibility of the Seminary is everything to be desired. **COME JOIN WITH US!**

THE OLD BOOK

Southwestern Seminary is Christ-filled and world-girdling in its spirit. It is orthodox and fundamental to the core. It accepts the Old Book page for page and without qualifications. Its history is rich and its future promising.

RUHAMA BAPTIST CHURCH

(The College Church)

Ruhama is the Howard College Church. Most of the Faculty and boarding students attend Ruhama. For forty years she has been the church home for Howard College students and is loved by the Alumni everywhere. The church has a beautiful, new, and adequate building with up-to-date facilities for worship. Sunday School, B. Y. P. U. and social life. The pastor is an alumnus of the College and understands student problems. A most cordial welcome awaits you at the worship services, the Young People's Department of the Sunday School, the B. Y. P. U. Department, the mid-week services and the social functions.

Choose the Profession of Business

"The Road to Culture is along the Economic route," says Paul Lomax, New York University.

"Business has 'mothered' the other professions; it has commercialized the idea of the inventor and made him the world's benefactor; it has capitalized the musician, the author, the artist, and given them to humanity; it has brought the hospital to the afflicted; the library to those thirsting for knowledge; and necessities, comforts, and luxuries to home, offices, shops and factories.

Business training contributes to success in any other profession. The rewards of business are certain. Its scope is without limit, and the field so diversified that it satisfies varied types of ambitions, abilities and attainments.

Supplement your College work with a thorough business training and your education becomes an asset. Training offered by Wheeler Business College offers a direct route to remunerative employment.

Jake Rose Says:

For Clothes Cleaning and Shoe Repairing, No Need to Look for Better—
You Will Never Find It.

COLLEGE BOYS AND GIRLS—THIS IS A SPECIAL APPEAL TO YOU!

We Clean and Press Your Suit While You Wait for 45c,
or Your Plain Silk and Wool Dresses for 75c

CASH AND CARRY ONLY

We also clean your bath robes, sweaters, ties, coats, lap robes, cotton or wool blankets, portieres, cotton or wool comforts, infants' coats, capes and furs.

Our shoe repairing can't be beat. We fix 'em while you wait.

We claim to be the fastest cleaners in the United States, and we are among the oldest shoe repairers in Birmingham.

Satisfaction in our work is absolutely guaranteed. One trial will convince anyone to come back for the same.

We carry a complete line of children's shoes—and we also have trucks to call for and deliver your work—under different prices than the cash-and-carry prices. Phone Wdln. 9136. No special charges for one-hour service between the hours of 9 a.m. and 4 p.m.

We are located at 116 77th St., S., next to East Lake fire hall. We have been in same block for 16 years.

This is an all-year 'round offer. We will never change—so save this ad as a reminder, as it will not appear daily. Mail orders accepted.
